**My Father**

We love you more than words  
Can ever tell.  
Fly father like the eagle  
To a land where there's no pain.  
But remember, ask the Creator  
For blessings to the ones left behind  
Soar like the eagle in the wings of  
An angel free from pain to a land of glory  
You slipped away quietly like the eagle  
Father, we love you, no words can ever tell.
